About LifePoint Health

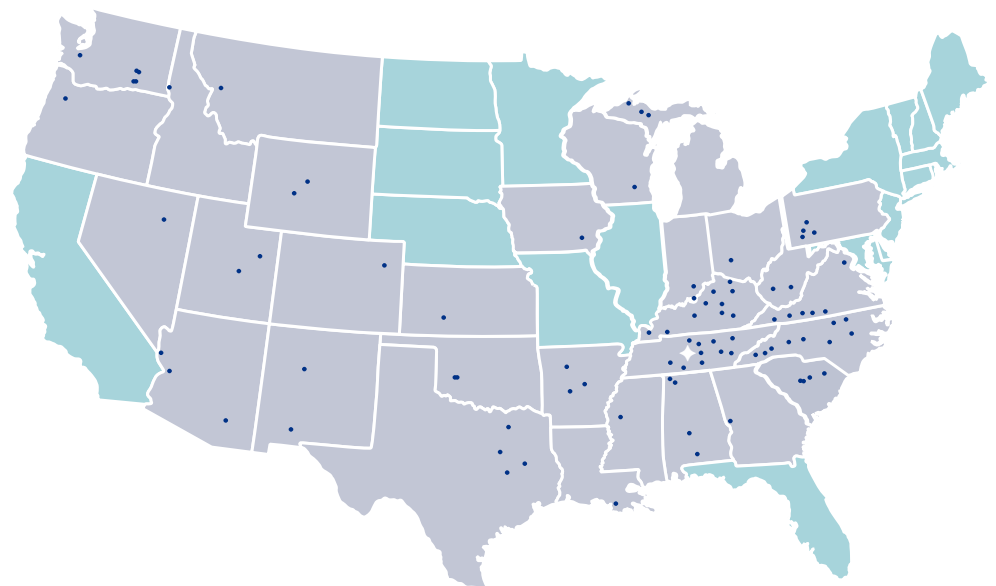

Since 1999, LifePoint Health® has been committed to providing high quality care, close to home. We operate hospitals, regional health systems, physician practices, post-acute services and outpatient services in communities across the U.S.

Within our communities, we actively seek ways to enhance access to care and help people get and stay healthy. This includes forming community health coalitions, developing clinically integrated networks and other population health strategies, as well as implementing telehealth strategies and other technologies to engage our consumers as they make important decisions regarding their health.

We recognize the crucial role a thriving healthcare system plays in supporting the economic health and development of a community, and we are proud to share our contributions through this report.
