We continue to be proud of the services that Conemaugh Meyersdale Medical Center offers to our rural community. Thank you for your continued support of our hospital as we work to advance our mission of making our community healthier.

—Heather Smith, CEO

At **Conemaugh Meyersdale Medical Center**, we spent 2016 exploring ways to advance our mission of making the communities of Meyersdale and the surrounding area healthier. And by focusing our efforts on creating a place where people choose to come for healthcare, physicians want to practice and employees want to work, our 65 year legacy of caring for our communities is stronger than ever.

Inviting the best physicians into our communities and supporting them is one of the most important drivers of our ability to offer the best possible healthcare to our community. During the past year, Conemaugh Meyersdale added **three new physicians** in emergency medicine.

And while **delivering high-quality patient care close to home** is the single most important contribution we make, there are many other ways we're making a positive impact in our communities.

In creating excellent workplaces for our 131 employees, we made **\$901,483 in capital improvements** in 2016, including new operating room, emergency room, lab, ultrasound, imaging and dietary department equipment. In addition, we managed and distributed an **annual payroll of \$7,104,461**.

We are proud to take a **leadership role in our communities** and are committed to delivering needed healthcare to everyone, regardless of their ability to pay. In fact, in 2016 we donated **more than \$617,000 in healthcare services to those in need**.

We are also committed to **ensuring fiscal responsibility** – both at the hospital and in the community. In 2016, we paid a total of **\$89,384 in taxes**, as well as provided numerous sponsorships and donations to local organizations.
