At Southern Tennessee Regional Health System – Lawrenceburg, our goal is to deliver the best healthcare available in southern Middle Tennessee. With the help of dedicated physicians, employees, board members and volunteers, along with your support and encouragement, we continuously work to make a measurable difference in the lives of those we serve.

—Jeff Noblin, CEO

At **Southern Tennessee Regional Health System – Lawrenceburg**, we spent 2016 exploring ways to advance our mission of making the communities of Lawrence and surrounding counties of southern Middle Tennessee healthier. And by focusing our efforts on creating a place where people choose to come for healthcare, physicians want to practice and employees want to work, our more than 40-year legacy of caring for our communities is stronger than ever.

Inviting the best physicians into our communities and supporting them is one of the most important drivers of our ability to offer the best possible healthcare to the region. During the past year, STRHS – Lawrenceburg added **three new physicians**, including a cardiac specialist, an obstetrician/gynecologist and a medical director of emergency medicine.

And while **delivering high quality patient care close to home** is the single most important contribution we make, there are many other ways we're making a positive impact in our communities.

In **creating excellent workplaces for our 365 employees**, we made **\$1,113,607 in capital improvements** in 2016, including new AccuDose machines, anesthesia monitors, chemistry analyzers, colonoscopies and video towers, hospital beds, OR tables, physical therapy tables, ultrasound machine and more; and we managed and distributed an **annual payroll of \$20,434,919**.

We are proud to take a **leadership role in our communities** and are committed to delivering needed healthcare to everyone, regardless of their ability to pay. In fact, in 2016 we donated **more than \$1.17 million in healthcare services to those in need**.

We are also committed to **ensuring fiscal responsibility** – both at the hospital and in the community. In 2016, we paid a total of **\$1,263,690 in taxes**, as well as provided numerous sponsorships and donations to local organizations.
