Southern Tennessee Regional Health System – Winchester/Sewanee has been serving the residents of southern Middle Tennessee for more than 50 years. We strive to make a positive impact on the communities we serve, and it is our mission to make them healthier.

—Rob Followell, CEO

At **Southern Tennessee Regional Health System – Winchester/Sewanee**,

we spent 2016 exploring ways to advance our mission of making the communities of Winchester, Sewanee and surrounding areas healthier. And by focusing our efforts on creating a place where people choose to come for healthcare, physicians want to practice and employees want to work, our more than 50 year legacy of caring for our communities is stronger than ever.

Inviting the best physicians into our communities and supporting them is one of the most important drivers of our ability to offer the best possible healthcare to the region. During the past year, STRHS – Winchester/Sewanee added **four new providers**, including physicians in psychiatry, physical medicine and family medicine and a medical director of emergency services.

And while **delivering high quality patient care close to home** is the single most important contribution we make, there are many other ways we're making a positive impact in our communities.

In **creating excellent workplaces for our 665 employees**, we made **\$2,021,599 in capital improvements** in 2016, including upgrades to our surgical and GI scopes, ICU monitoring system and chemistry lab analyzers; and we managed and distributed an **annual payroll of \$41,973,410**.

We are proud to take a **leadership role in our communities** and are committed to delivering needed healthcare to everyone, regardless of their ability to pay. In fact, in 2016 we donated **more than \$1.78 million in healthcare services to those in need**.

We are also committed to **ensuring fiscal responsibility** – both at the hospital and in the community. In 2016, we paid a total of **\$1,264,086 in taxes**, as well as provided numerous sponsorships and donations to local organizations.
